

SYSTEMATIC SURVEY OF CLOACAL AND MARSUPIAL MAMMALIA.

I. First Sub-class of Mammalia :

Forked or Cloacal Animals (Monotrema, or Ornithodelphia).

Mammals with Cloaca, without Placenta, with Marsupial Bones.

I. Primary Mammals Promammalia	Unkown extinct Mammalia from the Trias Period			{ (Microlestes ?)
				{ (Dromatherium ?)
II. Beaked Animals Ornithostoma	1. Aquatic beaked animals	1. Ornithorhynchida	{ 1. Ornithorhynchus paradoxus	
	2. Terrestrial beaked animals	2. Echidnida	{ 2. Echidna hystrix	

II. Second Sub-class of Mammalia :

Pouched or Marsupial Animals (Marsupialia, or Didelphia).

Mammals without Cloaca, without Placenta, with Marsupial Bones.

<i>Legions of Marsupialia.</i>	<i>Orders of Marsupialia.</i>	<i>Systematic Name of the Orders.</i>	<i>Families of the Marsupialia.</i>
III. Herbivorous Marsupial Animals Marsupialia Botanophaga	1. Hoofed Marsupial animals	1. Barypoda	{ 1. Stereognathida 2. Nototherida 3. Diprotodontia
	2. Kangaroo Marsupial animals (Leaping pouched animals)	2. Macropoda	{ 4. Plagiulacida 5. Halmaturida 6. Dendrolagida
	3. Root-eating Marsupial animals (Gnawing pouched animals)	3. Rhizophaga	{ 7. Phascologyida
	4. Fruit eating Marsupial animals (Climbing pouched animals)	4. Carpophaga	{ 8. Phascolartida 9. Phalangistida 10. Petaurida
	5. Insectivorous Marsupial animals (Primaevial pouched animals)	5. Cantharophaga	{ 11. Thylacotherida 12. Spalacotherida 13. Myrmecobida 14. Peramelida
IV. Carnivorous Marsupial Animals Marsupialia Zoophaga	6. Marsupial animals poor in teeth (Pouched animals with trunks)	6. Edentula	{ 15. Tarsipedina
	7. Rapacious marsupial animals (Rapacious pouched animals)	7. Creophaga	{ 16. Dasyurida 17. Thylacinida 18. Thylacoleonida
	8. Ape-footed Marsupial animals (Pouched animals with hands)	8. Pedimana	{ 19. Chironectida 20. Didelphyida
