

	PAGE		PAGE
2. Foreign	480	Topographic Changes in the Indian Ocean: Gondwána Land . . .	737
3. Geographical and Physical Conditions and Progress .	483		
II. Lower Silurian Era	489	III. MESOZOIC TIME	738
1. North American	489	1. American Triassic and Jurassic Period	739
2. European	517	2. Foreign Triassic and Jurassic .	768
3. General Observations: Rocks; Climate; Biological Progress	524	3. General Observations: Continental Comparisons; Climate; Biological Changes; Upturnings and Mountain-making	791
4. Upturning at the close of the Lower Silurian	526	4. American Cretaceous Period .	812
III. Upper Silurian Era	535	5. Foreign	856
1. North American	535	6. General Observations: Geological; Geographical; Biological; Gondwána Land . .	867
1. Niagara Period	538	Post-Mesozoic Revolution . . .	874
2. Onondaga Period	552		
3. Lower Helderberg Period .	558	IV. CENOZOIC TIME	879
2. Foreign	563	I. Tertiary Era	879
3. General Observations: Geological; Geographical; Biological	570	1. North American	880
IV. Devonian Era	575	2. Foreign	919
1. North American	575	3. General Observations: Biological; Orogenic and Epeirogenic; Climate .	928
1. Oriskany Period	577	II. Quaternary Era	940
2. Corniferous Period	579	1. Glacial Period	943
3. Hamilton Period	592	1. American	943
4. Chemung Period	602	2. Foreign	975
2. Foreign	622	3. Cause of Glacial Climate .	978
3. General Observations: Geological; Geographical . .	628	2. Champlain Period	981
4. Upturning at the close of the Devonian	630	1. American	981
V. Carbonic Era	631	2. Foreign	995
1. North American	633	3. Pleistocene Life	997
1. Subcarboniferous Period .	636	4. Recent Period	1012
2. Carboniferous Period . . .	647	General Observations: Biological; Antarctic Continent; Epeirogenic	1016
3. Permian Period	660	General Observations on Geological History	1023
2. Foreign	693	Geological Time	1023
3. General Observations: Geological and Geographical; Meteorological; Formation of Coal	708	Climate; the Earth's Development .	1026
General Observations on Paleozoic Time	714	Progress in the Earth's Life	1028
Post-Paleozoic, or Appalachian, Revolution	728
